Draft Communications Strategy for Final UIC Dewey Burdock Permits Oct 2020 version1.docx

After talking with Greg and Darcy, we now expect (with greater certainty) that we will issue our final permits on 11/25 or 11/27.

Hi Rich/Laura: some feedback on the draft Comm Strat from OGWDW's UIC folks.

By way of an update, its likely we won't make our 11/13/20 date for final permit issuance but I'd welcome any additional comments on the attached shared version NLT next week.

Thanks,

Douglas

Thanks Suzanne: its really helpful to have a fresh pair of eyes on a document I have been constantly reviewing and editing for about four years! Your comments are very helpful and I will make a number of revisions as prompted by your feedback.

Hi Douglas,

Bill and I read the DB communication strategy and we had a few comments to offer:

Ex. 5 Deliberative Process (DP)

Lastly, we noticed a few typos along the way but we weren't sure if you wanted that level of editorial comments. If so, let me know and I'll send them along. Also, let me know if you have any questions.

Thanks,
Sue

Hi Bill: FYI.

Kurt H reviewed Valois's AE ROD and was very impressed and had few comments.

We are working closely with our communications folks on the attached document and have prepared a press release as well.

Thanks again for funding Cadmus' support of this effort!

Happy to talk further next week if you have questions, etc.

Cheers,

Douglas
